New Video: Durable Data Storage with Containers

Hi Community,

The new video from Global Summit 2019 is already on [InterSystems Developers YouTube](#):

[Durable Data Storage with Containers](#)

One common concern surrounding containers is the problem of data persistence. In particular, how can developers ensure their data is durable outside of the lifetime of a container? This video considers various aspects of data persistence in containers and outlines how InterSystems IRIS containers solve the problem.

Takeaway: I know how to persist data within InterSystems IRIS containers.

Presenter: [@ Mark Bolinsky](#), Senior Technology Architect, InterSystems

Additional materials to this video you can find in this [InterSystems Online Learning Course](#).

Enjoy watching this video!
