Hello Developer Community!

We are looking to better understand how our users use the Documentation. If you have a few minutes, please fill out this quick survey - <https://www.surveymonkey.com/r/HK7F5P7>!

Feedback from real users like you is invaluable to us and helps us create better product. Your feedback can go further than the survey - we would love to interview you about your experience, just indicate in the survey that you 're open to talking to us!

Thank you so much! If you have any questions, please contact me at Ksenia.samokhvalova@intersystems.com

I look forward to hearing from you!
