MIT COVID19 Challenge Virtual Hackathon: Join with InterSystems!

Hey Developers!

Want to beat the COVID-19 pandemic with InterSystems and MIT? Please take part in the [MIT COVID19 Challenge](#)!

It's a 48-hour virtual hackathon with the goal to develop solutions that address the most pressing technical, social, and financial issues caused by the COVID-19 outbreak.

And it's your chance to build a solution on InterSystems IRIS for the COVID-19 crisis!

In this 48-hour virtual event, MIT will help tackle the most pressing technical, social, and financial issues caused by the COVID-19 outbreak. Participants will form teams on Friday, April 3rd to generate solutions, including proof of concepts and a preliminary vision for execution. On Sunday, April 5th, teams will reconvene to present their solutions.

InterSystems as a partner of the MIT COVID-19 Challenge virtual hackathon will provide templates, mentors and hosting resources to help teams to build and deploy your solutions with InterSystems IRIS for Health.
