## Webinar: Introduction to VSCode-ObjectScript

Hi Community!

We are glad to invite every developer who uses ObjectScript and VSCode plugin to the upcoming "[Introduction to VSCode-ObjectScript](#)" webinar on April 14, 2020 at 11:00 EDT.

Speaker: [@Dmitry Maslennikov](#), InterSystems Developers Advocate, CTO at [CaretDev](#).

You will learn how convenient the development process can be already right now and what we are going to do next to make it even better.

Please check the agenda below.

1. What is VSCode?

- Installation

2. What is VSCode ObjectScript?

- Installation and setup

3. Dev process:

- Starting IRIS
- Editing
- Compiling
- Debugging

4. Features:

- Intellisense
- Documentation
- Goto-Definition
- Outline.

5. Other helpful Plugins:

- Docker
- GitHub Lens

6. What ' s next?

7. Q&A

Webinar Resources:

- [VSCode-ObjectScript on Open Exchange](#)
- [VSCode-ObjectScript Enterprise Support](#)

We are waiting for you at our webinar!
