New Coding Talk: Creating CRUD REST API for InterSystems IRIS in 5 minutes

Hi Community,

New "Coding Talk" video was specially recorded by @ Evgeny Shvarov for the second IRIS Programming Contest:

Creating CRUD REST API for InterSystems IRIS in 5 minutes

In this video, presented by @ Evgeny Shvarov, you'll learn how to create your own basic CRUD API for InterSystems IRIS using the GitHub template and expose it with Open API spec.

Check out the app used in this demo: objectscript-rest-docker-template

And...

You're very welcome to join the second IRIS Programming Contest! Show your best coding skills and win cool prizes!

Stay tuned!
