InterSystems IRIS Tech Talks: Upcoming Webinars for InterSystems Developers

Hi Community,

We're pleased to invite you to join the ["InterSystems IRIS Tech Talks,"](#) a new series of webinars presented by InterSystems product managers.

The webinars will take deep dives into the latest features of [InterSystems IRIS](#) 2020.1 from a developer's perspective. They'll go beyond the high-level overviews and kick the tires on the very best and latest technologies we've released.

Please have a look at the list of webinars planned for May and June:

[API-First Development](#)
