## InterSystems IRIS 2020.1 Tech Talk: API-First Development

Hi Community,

We're pleased to invite you to join the upcoming [InterSystems IRIS 2020.1 Tech Talk: API-First Development](#) on May 5 at 10:00 AM EDT!

In this week's InterSystems IRIS 2020.1 Tech Talk, we'll discuss API-first development and how InterSystems is embracing this industry trend with our API Manager, and specifically with our FHIR offerings. First, we'll talk about InterSystems API Manager. This tool controls your web-based API traffic in a single location. You can throttle throughput, configure payload sizes and whitelist/blacklist IPs, among many other features.

FHIR stands for Fast Healthcare Interoperability Resources. Release 4 brings this HL7 standard to maturity, and the FHIR R4 support in InterSystems IRIS for Health™ is big. You'll learn how to work with FHIR data in InterSystems IRIS, and see our developer portal in action, where you can access FHIR resources using the OpenAPI specification.

A promotional banner for a tech talk event. The background is light gray with a geometric pattern of overlapping triangles. The text is in a clean, sans-serif font. The title 'TECH TALK' is in a smaller font, followed by 'InterSystems IRIS 2020.1 API-First Development' in a larger, bold font. Below the title, there are three speaker profiles, each with a circular headshot and their name and title. To the right of the speakers, the date and time 'TUESDAY, MAY 5, 2020 10:00 AM EASTERN DAYLIGHT TIME' are displayed in a teal color. Below this, there is a large teal button with the word 'REGISTER' in white. At the bottom right, the InterSystems logo is shown, consisting of a stylized 'I' followed by the text 'InterSystems' and 'Health | Business | Government' below it.

TECH TALK

# InterSystems IRIS 2020.1 API-First Development

 **Patrick Jamieson**  
Product Manager  
Health Informatics Platform  
InterSystems

 **Craig Lee**  
Product Specialist  
InterSystems

 **Stefan Wittmann**  
Product Manager  
InterSystems

**TUESDAY, MAY 5, 2020**  
10:00 AM EASTERN DAYLIGHT TIME

**REGISTER**

 **InterSystems®**  
Health | Business | Government

### Speakers:

[@Patrick Jamieson](#), Product Manager, Health Informatics Platform

[@Craig Lee](#), Product Specialist

[@Stefan Wittmann](#), Product Manager

Date: Tuesday, May 05, 2020

Time: 10:00 AM EDT
