New Video: FHIR Update

Hi Community!

The new video from Global Summit 2019 is already on [InterSystems Developers YouTube](#):

[FHIR Update](#)

Due to a considerable push by the Center for Medicare and Medicaid Services for API access to patient health information, adoption of the FHIR interoperability specification is likely to accelerate dramatically. FHIR itself is rapidly evolving, and healthcare IT professionals need to keep up with the changes. This video will outline the current FHIR roadmap and discuss changing regulations for delivering patient information. We will also showcase some interesting FHIR projects and initiatives currently happening in the real world.

Takeaway: You will be up-to-date with recent changes to the FHIR interoperability specification. You will learn about some current real-world FHIR projects.

Presenters:

[@Patrick Jamieson](#), Product Manager - Health Informatics Platform, InterSystems
Maxim Vershinin, Sales Engineer, InterSystems

Additional materials to this video you can find in this [InterSystems Online Learning Course](#).

Stay tuned!
