Webinar in Spanish: How to implement integrations with .NET or Java on InterSystems IRIS

Hi Community!

We are pleased to invite you to the upcoming webinar in Spanish: "[How to implement integrations with .NET or Java on InterSystems IRIS](#)" / "[Cómo implementar integraciones con .NET o Java sobre InterSystems IRIS](#)" on May 20 at 4:00 PM CEST!

What will you learn?

- PEX (Production EXtension Framework), its architecture and its API, and how to develop an integration with Java or .NET, in order to rich the InterSystems IRIS pre-built components
- Some simple examples in .NET
- A more complex example, using PEX to add an existing client library and access to external services

Speaker: [@Pierre-Yves Duquesnoy](#), Sales Senior Engineer, InterSystems Iberia

Note: The language of the webinar is Spanish.

We are waiting for you at our webinar!
