The specified cast from a materialized 'System.Int64' type to the 'System.Int32' type is not valid DatabaseTable creation Id field is created with [xDBC Type = BIGINT]

Hi !

I am getting below error in my .NET MVC project, I am IRIS Entity Framwork, in the database table filed and model having the same datatype int.

The specified cast from a materialized 'System.Int64' type to the 'System.Int32' type is not valid db Table creation Id field is created with [xDBC Type = BIGINT]

Please kindly advice me.

Thank you
