Webinar: ZPM - Package Manager for InterSystems IRIS

Hi Community!

We're pleased to invite all the developers to the upcoming "[ZPM – Package Manager for InterSystems IRIS](#)" [webinar](#) on June 18th at 11:00 AM EDT.

You will learn about the [ObjectScript Package Manager Client](#) called ZPM.

Speaker:

[@Evgeny Shvarov](#), InterSystems Developer Ecosystem Manager

What is ZPM and what awaits you at this webinar?

ZPM – is InterSystems IRIS package manager which helps to create, publish and install packages with InterSystems IRIS solutions in a unified way. It supports InterSystems ObjectScript, CSP and REST applications, Frontend applications. ZPM could be used to automate unit tests and set up private registries.

Agenda:

1. What is InterSystems ZPM
2. How it works

3. How to install a package from registry
4. How to create and publish a package
5. ZPM Roadmap

Webinar Resource:

- [ObjectScript Package Manager Client - ZPM on Open Exchange](#)

Date: Thursday, June 18, 2020

Time: 11:00 AM EDT

We are waiting for you at this webinar!
