# InterSystems IRIS 2020.1 Tech Talk: Using Java and .NET

Hey Developers,

We're pleased to invite you to join the next InterSystems IRIS 2020.1 Tech Talk: Using Java and .NETon June 16 at 10:00 AM EDT!

In this installment of InterSystems IRIS 2020.1 Tech Talks, we put the spotlight on extending InterSystems IRIS with your own custom Java and .NET code. We will demo how to create a custom interoperability component with the new Productions Extensions (PEX) feature. Following that, we ' ll demo how to call Java or .NET code from any ObjectScript code.

**Speakers:**
@Bob Kuszewski, InterSystems Product Manager - Developer Experience
@Joshua Goldman, InterSystems Senior Technical Writer

**Date:** Tuesday, June 16, 2020
**Time:** 10:00 AM EDT
