New Video: IntegratedML - Predicting Readmissions

Hi Community!

Enjoy watching the new video on [InterSystems Developers YouTube](#) and learn more about IntegratedML feature:

[IntegratedML: Predicting Readmissions](#)

This video demonstrates how IntegratedML can be used to make predictions based on table data directly within the SQL environment of InterSystems IRIS Data Platform; in this example, a set of patient data is used to predict readmissions.

To learn more about IntegratedML, check out the [IntegratedML Resource Guide](#).

Stay tuned!
