New Video: InterSystems Cloud Manager

Hi Developers,

The new video from Global Summit 2019 is available on [InterSystems Developers YouTube](#):

? [InterSystems Cloud Manager](#)

In this video, we will dive into InterSystems Cloud Manager, which enables consistent and repeatable deployment of applications in the cloud, or on-premises. We will provide code and discuss the details of using a simple abstraction and operating approach to deploying secure and resilient solutions.

Takeaway: InterSystems IRIS includes tools that can help me deploy applications in the cloud.

Presenter: [@Steven LeBlanc](#), Product Specialist - Cloud Operations, InterSystems
