Webinar in Russian: Development of Interoperability Business Hosts with PEX in Java/.Net

Hey Developers,

We're pleased to invite you to the upcoming "[Development of Interoperability Business Hosts with PEX in Java/.Net](#)" webinar by InterSystems Russia on July 16 at 10:00 (UTC+3, Moscow time)!

InterSystems IRIS Data Platform 2020.1 brings many exciting new features for highload applications enabling digital transformation. One of the new features is a PEX framework streamlining the implementation of Interoperability Business Hosts in Java and NET.

In the upcoming webinar, we will talk about:

- Implementation of Interoperability hosts in PEX
- Working with Java code
- Working with .Net code
- Debugging
- Deployment

Speaker: [@Eduard Lebedyuk](#), Sales Engineer, InterSystems

Note: The language of the webinar is Russian. Please comment if you want this webinar in English!
