[WEBINAR] Speed Test: ESG Labs Database Performance Test

Hi Community!

We're pleased to invite you to the upcoming "[Speed Test: ESG Labs Database Performance Test](#)" webinar on August 5 at 9:30 AM EDT!

The graphic features a teal speech bubble with the word 'WEBINAR' in white. Below it, the title 'Speed Test: ESG Labs Database Performance Test' is written in large, bold black font. To the right, three speakers are listed with their photos and titles: Mike Leone (Senior Analyst, ESG), Joe Lichtenberg (Director of Product & Industry Marketing, InterSystems), and Amir Samary (Manager, Solution Architecture, InterSystems). At the bottom, a dark blue banner contains the date and time: 'Wednesday, Aug 5, 2020 | 9:30 a.m. - 10:30 a.m. EDT'. The InterSystems logo with the tagline 'Creative data technology' is in the bottom right corner.

Join our live webinar with Mike Leone, senior analyst with [Enterprise Strategy Group 's Validation Services](#) to learn about a speed test that measures and compares the concurrent real-time data ingest and query performance of InterSystems IRIS® data platform, a leading in-memory database, a cloud relational database, and a traditional relational database.

Topics will include

- Business drivers for real-time performance at scale
- Architectural limitations of in-memory and disk-based data management software
- Overview and results of the speed test
- A unique approach to multi-workload processing at scale with InterSystems IRIS data platform

Speakers

[@Joe Lichtenberg](#), director of product & industry marketing, InterSystems

[@Amir Samary](#), manager, solution architecture, InterSystems

Mike Leone, senior analyst, ESG
