InterSystems IRIS for Health FHIR Contest

Hey Developers!

Want to participate again in the competition of creating open-source solutions using InterSystems IRIS Data Platform? Please welcome:

[InterSystems IRIS for Health FHIR Contest](#)

Duration: **August 10-30, 2020**

<u>Prizes</u>

1. **Experts Nomination** - winners will be determined by a specially selected jury:

   1st place - $2,000

   2nd place - $1,000

   3rd place - $500

2. **Community Nomination** - an application that will receive the most votes in total:

   1st place - $1,000

   2nd place - $500

If several participants score the same amount of votes they all are considered as winners and the money prize is shared among the winners.

<u>Who can participate?</u>

Any Developer Community member, except for InterSystems employees. [Create an account!](#)

<u>Contest Period</u>

August 10-23: Two weeks to upload your applications to Open Exchange (also during this period, you can edit your projects).

August 24-30: One week to vote.

August 31: Winners announcement.

<u>The topic</u>

Fast Healthcare Interoperability Resources – FHIR

Develop a FHIR solution using InterSystems IRIS for Health data platform.

We will choose the best FHIR application built with InterSystems IRIS for Health. Your application could be a library, package, tool, or any FHIR solution which uses InterSystems IRIS for Health.

The application should work on InterSystems IRIS for Health Community Edition.

The application should be Open Source and published on GitHub.

If the application satisfies some additional requirements listed in this post, it gets additional technology votes.

<u>Template application</u>
