New Learning Path for Implementation Partners in Health

New to the
InterSystems Implementation Partners Program?

TIME TO GET STARTED

Implementation Partners in Health Learning Path

[START NOW](#)

Skill up and get certified with building components, productions, and applications using InterSystems products and technologies with this [new learning path from Learning Services](#). Implementation partners in healthcare (and others!) can take advantage of the wealth of resources and materials in this comprehensive learning path that includes online courses, exercises, videos, resource guides, classroom courses, and even certification exams.
