New Video: REST at Ease

Hi Developers,

The new video from Global Summit 2019 is available on [InterSystems Developers YouTube](#):

? [REST at Ease](#)

This video provides an overview of how to build REST APIs. Topics will include: using the %JSON adapter to expose and consume JSON data for REST endpoints, code-first and spec-first approaches for REST development, and a brief discussion of proper API management.

Takeaway: You will learn how to efficiently build, document, and manage REST APIs.

Presenter: [@Michael Smart](#), Senior Support Specialist, InterSystems
