## New Video: Using IRIS for Health to Reduce Readmissions

Hi Community!

Enjoy watching the new video on [InterSystems Developers YouTube](#):

[Using IRIS for Health to Reduce Readmissions](#)

This video shows the ways in which InterSystems IRIS for Health™ can be used to build applications that reduce the risk of readmission among patients in a medical network. Highlighting the healthcare interoperability and machine learning features of InterSystems IRIS for Health, the readmissions scenario provides a real-world context to these powerful features.

To try the latest version of this demo on your own instance, please download it from Open Exchange:

[Reducing Readmission Risks with Realtime ML](#)

Stay tuned!
