%ErrorStatus property is working on IRIS For Health but not working for HealthShare, for HS what was old property?

Getting routingrules compiling error message. same code works fine for IRIS For Health

```
///
Class Training.HL7Validation.RoutingRule Extends Ens.Rule.Definition
{
    Parameter RuleAssistClass = "EnsLib.HL7.MsgRouter.RuleAssist";
    XData RuleDefinition [ XMLNamespace = "http://www.intersystems.com/rule" ]
    {
        <ruleDefinition alias="" context="EnsLib.HL7.MsgRouter.RoutingEngine" production="Training.HL7Validation">
        <ruleSet name="" effectiveBegin="" effectiveEnd="">
        <rule name="Valid Sending Facility Code Required">
        <when condition=
        "Lookup(&quot;OnboardedFacilities&quot;;HL7.{MSH:SendingFacility.NamespaceID},&quot;No&quot;;&quot;No&q
        uot;)!=&quot;Yes&quot;">
        <assign property="%ErrorStatus" value="GenerateNACK(&quot;Invalid Sending Facility
        Code&quot;;,%ErrorStatus)"></assign>
        </when>
        </rule>
        <rule name="">
        <constraint name="source" value="HL7FileService"></constraint>
        <when condition="1">
        <send transform="" target="HL7FileOperation"></send>
        </when>
        </rule>
        </ruleSet>
        </ruleDefinition>
    } }
```

Compiling class Training.HL7Validation.RoutingRule
ERROR <Ens>ErrParsingExpression: Error parsing expression 'GenerateNACK("Invalid Sending Facility Code",%ErrorStatus)': ERROR <Ens>ErrInvalidName: Invalid name at offset 46
> ERROR #5490: Error running generator for method
'evaluateRuleDefinition:Training.HL7Validation.RoutingRule'
