How to change default html file charset?

I put a html file into ensemble dir ,it's encoding is utf-8.

But when I access this file through browser, It show incorrectly

I checked http response header, It content-type charset is GB18030 So that's reason

```
CONTENT-DISPOSITION: inline; filename=index.html
CONTENT-ENCODING: gzip
CONTENT-LENGTH: 1181
Content-Type: text/html; charset=GB18030
Date: Thu, 10 Sep 2020 10:50:09 GMT
EXPIRES: Thu, 10 Sep 2020 11:50:09 GMT
```

How to change the charset to UTF-8?

Tks.
