How to get up the ladder in the Global Masters?

Hello there friends,

I am new to DC and I need to advance up my self.

I see that we get awarded with badges and so on through that process.

But i do not exactly get the idea of it.

I see that we have a challenge of becoming the insightful commenter and so on.

I would like some one to help me out with it so that i could get to the next level.

Regards.
