Data Drive Web Apps Questions

Hey there,

I posted a reply to the recent video <https://community.intersystems.com/post/new-video-building-data-driven-web-apps#comment-132511> with a slew of questions. Wondering if someone can take a look a address my questions on that post or on this new thread.

I find many InterSystems learning to be challenging to follow, but I'm not sure if it's because my work computer is so locked down that I don't have all the right tools and permissions I need to do what the tutorial asks, or if I'm not understanding the basics of Cache/IRIS, or both!

Mike
