Webinar in Spanish: Integrating and Improving Your IoT Platform

Hi Community!

We are pleased to invite you to the upcoming webinar in Spanish: "[Integrating and improving your IoT platform](#)", on September 28 at 4:00 PM (CET)!

InterSystems
Developer Community

WEBINAR

Integra y mejora tu plataforma IoT

Aprende como controlar y monitorizar dispositivos en una plataforma IoT mediante MQTT desde InterSystems IRIS

Con Pierre-Yves Duquesnoy
Senior Sales Engineer de InterSystems Iberia

LUNES 28 SEPTIEMBRE / 16H ESPAÑA - 10H CHILE - 9H MEXICO DF / BOGOTÁ

During the webinar, we will explore the InterSystems 2020.1's MQTT native adapter, and we will use it together with the AWS IoT Platform.

We will also connect with the Telegram APIs, in order to send information/alerts to a group of accounts, and to send commands to the IoT from Telegram

Speaker: [@Pierre-Yves Duquesnoy](#), Sales Engineer, InterSystems Iberia

Date & Time: September 28, 2020 — 4:00 PM CET

Note: The language of the webinar is Spanish.

We are waiting for you at our webinar!
