Webinar in Spanish: Integrating and Improving Your IoT Platform

Hi Community!

We are pleased to invite you to the upcoming webinar in Spanish: "Integrating and improving your IoT platform", on September 28 at 4:00 PM (CET)!

During the webinar, we will explore the InterSystems 2020.1's MQTT native adapter, and we will use it together with the AWS IoT Platform.

We will also connect with the Telegram APIs, in order to send information/alerts to a group of accounts, and to send commands to the IoT from Telegram

Speaker: @ Pierre-Yves Duquesnoy, Sales Engineer, InterSystems Iberia

Date & Time: September 28, 2020 — 4:00 PM CET

Note: The language of the webinar is Spanish.

We are waiting for you at our webinar!
