## Convert an ORUR30 2.3 to ORUR30 2.5

Hello, we would need some help:

We would like to use a Transformation to convert an ORUR30 2.3 to ORUR30 2.5

However Ensemble does not have a HL7 Schema for ORU R30 2.3

So then our original message is not being recognized:

Cabecera	Cuerpo	Contenido
----------	--------	-----------

[Ver todo el contenido](#)

HL7 ORU\_R30 Mensaje - Id. = 1860, DocType = '2.3:ORU\_R30', Categoría de tipo de mensaje = "*Unsolicited transmission of an observation message*", 5 Segmentos  
Estado de generación del mapa = ERROR <EnsEDI>ErrMapDocType: No se ha definido estructura de esquema HL7 para DocType '2.3:ORU\_R30'

How could we let Ensemble recognize the ORU R30 2.3 structure to be able to use a Transformation?

We have read:
