New Video: Big Data in InterSystems IRIS

Hi Community!

Enjoy watching the new video on [InterSystems Developers YouTube](#):

[Big Data in InterSystems IRIS](#)

One of the greatest benefits of using InterSystems IRIS to build your application is its ability to effectively harvest and handle vast amounts of data. InterSystems IRIS has options to address big data challenges, including the InterSystems IRIS Spark connector, built-in sharding, and machine learning tools.

Learn more at the "[Big Data QuickStart](#)" learning course.

Subscribe to [InterSystems Developers YouTube](#).

Enjoy and stay tuned!
