Interoperability Contest Applications and Bonuses

Hi developers!

We introduced a [set of bonuses](#) to all the participants of the [Interoperability Stack Contest](#).

And here is the table of current bonuses accomplishments:

/*-->*/

Project	docker	zpm	BPL or Business Rule	Custom Adapter	PEX	Workflow	Total Bonus
Open API Client Gen	1	1	1				3
IRIS Interoperability Message Viewer	1	1					2
interoperability-integratedml-adapter	1	1	1	1			4
File Control - Feeder	1	1	1	1			4
appmsw-Telesat	1	1					2
iris-sms	1	1	1	1		1	5
OCR Service	1				2		3
Message Bank	1	1					2
upload-adapter	1						1

The table will be updated upon the changes in the apps.

Please feel free to comment if bonuses should be adjusted, you added extra features in your apps, and if you have any questions.
