Ideas for New Applications: What to Develop in 2021?

Hi Community,

We've launched a nice competition on Global Masters under the "Season of Giving" campaign, which I hope will bring inspiration to all of you!

We inviting you to share your **task ideas** for new applications that could be developed on InterSystems Technology. Let's enrich our Open Exchange apps gallery with great applications in 2021!

On December 28 2020 our expert jury will choose the author of the best idea/ideas. The winner will get this beautiful prize: **Personalized Leather Wallet** (with the winner's name on the front and InterSystems logo inside. Handmade work and worldwide shipping!

How to take part? Easy!
   Submit your ideas in the comments to this post before December 25, 2020!

Global Masters profile is not required, but you are always welcome to join the program (log in using the "InterSystems login" button and your Developer Community credentials), get points for your activities, and exchange points toward rewards.

BTW, do you remember that you'll be getting 30 points on Global Masters for each comment?
