New Video: The Freedom of Visualization Choice: InterSystems BI

Hi Community,

Please welcome the new video on [InterSystems Developers YouTube](#):

[The Freedom of Visualization Choice: InterSystems BI](#)

Find out how three visualization tools available to InterSystems customers — InterSystems IRIS Business Intelligence, Microsoft Power BI, and InterSystems Reports — can be used to answer one data question. See a demonstration of each and learn about the benefits of each tool and what makes them different.

Additional materials to this video you can find in this [InterSystems Online Learning Course](#).

Enjoy watching this video!
