Open Exchange Update: landing page enhancements and monthly downloads stats

Hi Developers!

I'm pleased to announce that we made a New Year Eve release on Open Exchange!

What's inside?

- Expanded download stats;
- Enhanced landing page;
- Bug fix with downloads count.

See the details bellow.

Detailed downloads stats

With this release you can examine the downloads of your solution by months. Open the Analytics tab of the app:
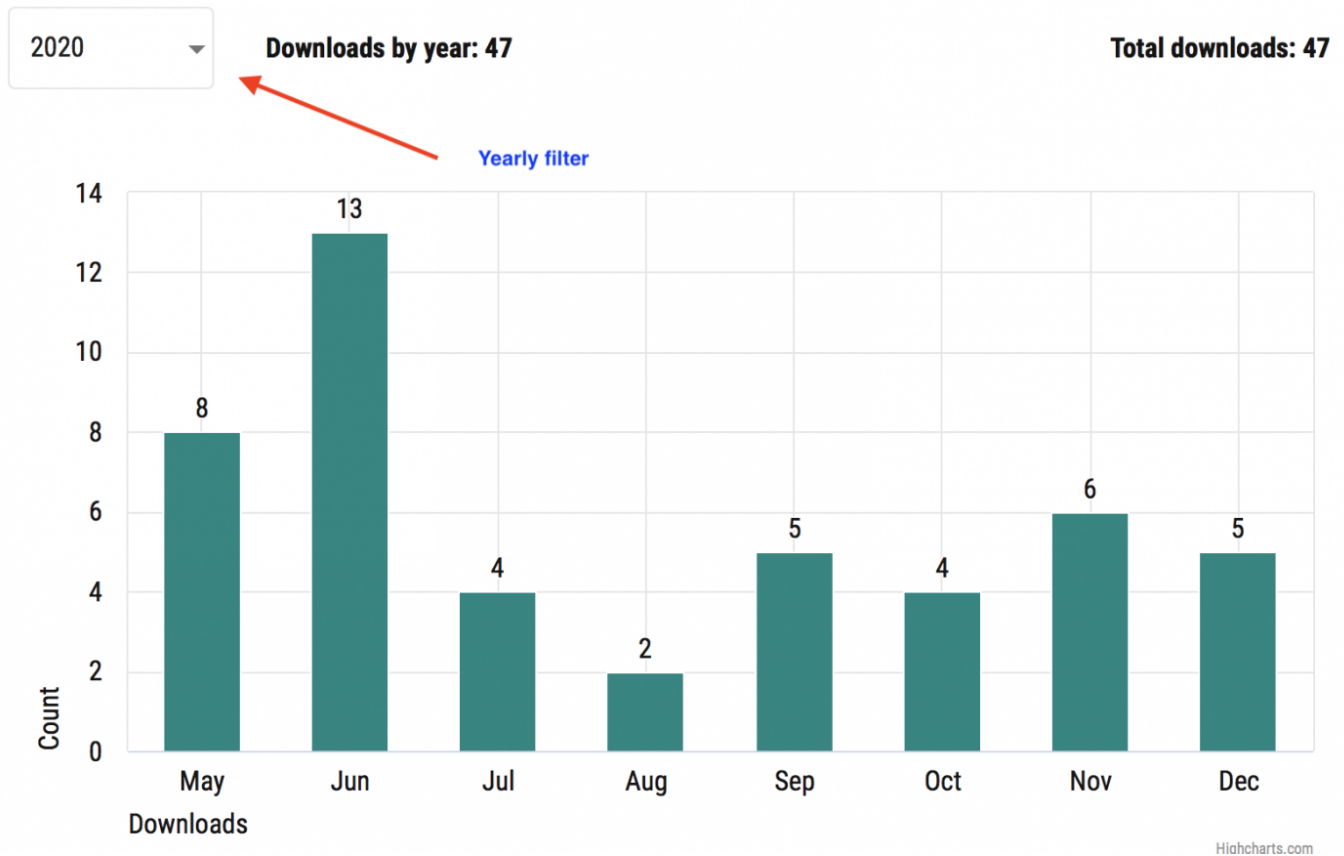

You also can switch the year and see the total and year downloads.

Enhanced Landing Page

We moved Downloads and Discuss to the top.
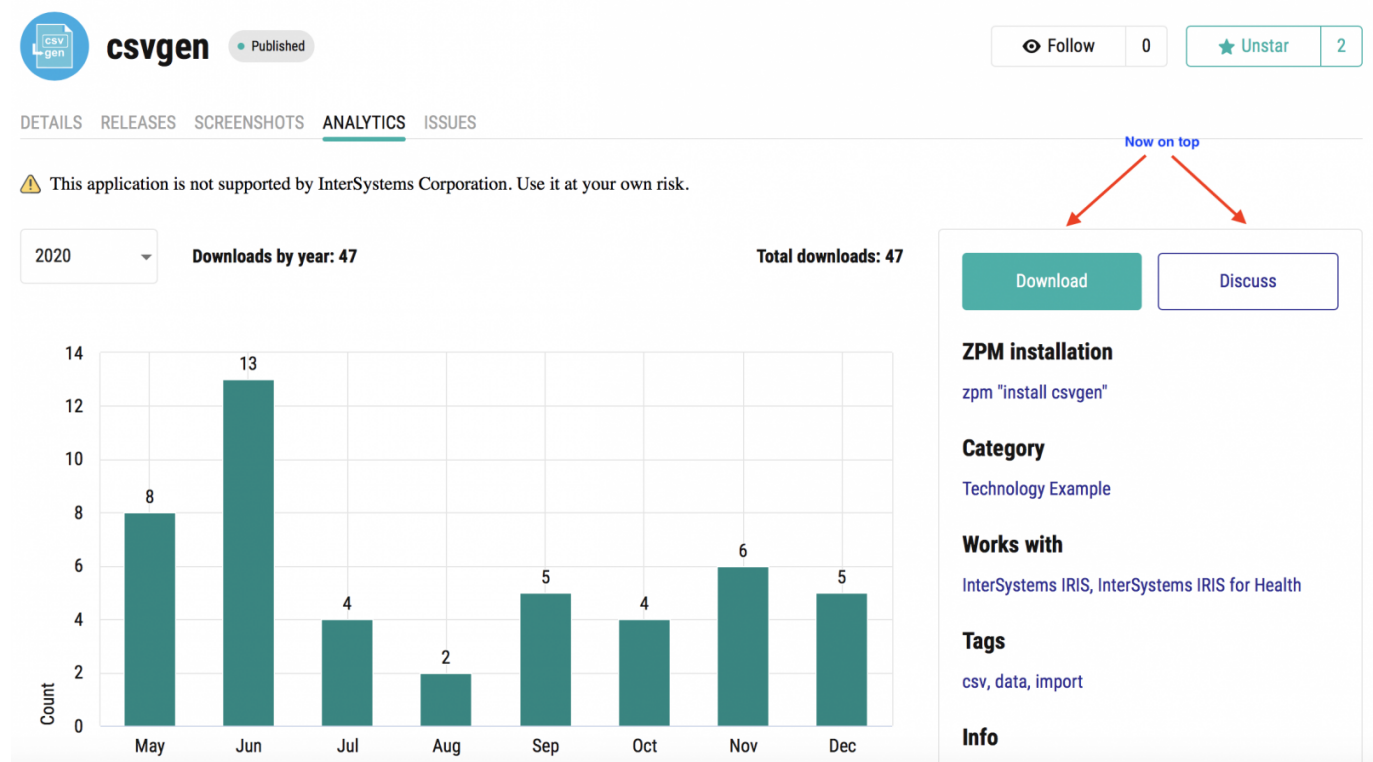

Hope to see more downloads with this change.

Downloads bug fixed

For months we had a bug which counted only ONE download for the application per day even if there were more downloads.

It is fixed now.

Please share your questions and feedback in comments.

Happy New Year 2021!
