GenerateDTL

Hi All,

I came across this video <https://www.youtube.com/watch?v=fElr8STTnEI> which Generate DTL based on input and output messages. I am not able to find this in my IRIS kit. Is this not included in 2020 version?

[#InterSystems IRIS for Health](#)

Product version: IRIS 2020.1

\$ZV: IRIS for Windows (x86-64) 2020.1 (Build 2171U)
