Webinar in Spanish: Developing a chatbot with Google Dialogflow, Telegram and InterSystems IRIS

Hi Community,

We are pleased to invite you to the upcoming webinar in Spanish:

[Developing a chatbot with Google Dialogflow, Telegram and InterSystems IRIS](#)

Date & Time: February 2, 4:00 PM (CET)

During the webinar:

- you will learn how to develop a chatbot that will permit users to interact with an appointment system. We will coordinate the appointment system's backend and the Google Dialogflow and Telegram services with InterSystems IRIS.
- you will know how to consider adding a chatbot to help users to use your services in a smarter way.
- we will go over the required concepts to implement a chatbot, what is needed and how you can coordinate the external services.

Speaker: [@ Alberto Fuentes](#), Sales Engineer, InterSystems Iberia

Note: The language of the webinar is Spanish.
