## New Video: Extending Interoperability with PEX & Containers

Hi Community,

Please welcome the new video on [InterSystems Developers YouTube](#):

[Extending Interoperability with PEX & Containers](#)

Learn how to write your own Business Host in Java or .NET and deploy it into a containerized environment alongside InterSystems IRIS.

Presenter: [@Eduard Lebedyuk](#), Sales Engineer, InterSystems

Intended audience: Interoperability developers and container DevOps engineers.

Additional materials to this video you can find in this [InterSystems Online Learning Course](#).

Enjoy watching this video!
