Community edition & jdbc

Hi all,

I'm trying to access via JDBC my community installation but the connection is always rejected. The same code (python code) using the stand-alone version of InterSystems IRIS works fine.

Is the community edition limited in this case? I can't see it in the official documentation: <https://irisdocs.intersystems.com/irislatest/csp/docbook/DocBook.UI.Page...>

[#Development Environment](#) [#JDBC](#) [#InterSystems IRIS](#)

Product version: IRIS 2020.3

\$ZV: IRIS for UNIX (Ubuntu Server LTS for x86-64 Containers) 2020.3 (Build 221U) Thu Oct 1 2020 11:29:35 EDT
