Meet Xin Yao – New Developer Community Moderator!

Hi Community!

We're pleased to welcome [Xin Yao](#) as our new Moderator in the Developer Community Team!

Welcome to our Team, Xin Yao!

Let's greet [Xin Yao](#) with big applause and take a closer look at his bio!

[Xin Yao](#) works as a development engineer for DHC Mediway Technology Co., Ltd.

Some words from [Xin Yao](#):

– I'm keen to share my experience with peers and I spend a lot of time on it.

– As a mobile full-stack development engineer, I published a series of articles such as [Caché 23 Design Patterns](#), [Caché Algorithm and Data Structure](#), [Caché From Beginner to Master](#), [Crazy Caché](#), [Caché Commands](#), [Caché Functions](#), [Caché Variables](#), [CachéSQL-You Must Know](#).

– In CSDN, One of the largest developer communities in China, I'm certified as a blog expert and excellent speaker. In 2020, I awarded Top Ten Author of the Year in Juejin.cn, a famous community that helps developers to grow.

– It is my honor to join the InterSystems Developer Community (Chinese Version) and participate in the management and operation of the community. I hope to help create a better communication environment among all developers who are using InterSystems technology.

Warm welcome!

Thank you and congratulations, [@_____](#)! Hope you will be a great Moderator
