Video: Performance Testing with InterSystems Tools

Hi Community,

Enjoy watching the new session recording from InterSystems Virtual Summit 2020:

[Performance Testing with InterSystems Tools](#)

Learn about some of the tools used to determine the performance capabilities of your system. See how you can test these capabilities and analyze the results.

Additional resources:

- [InterSystems System Alerting and Monitoring (SAM) Documentation](#)
- [SAM GitHub page (with instructions)](#)
- [Yet Another pButtons Extractor](#)

Presenter: [@ Pran Mukherjee](#), Senior Technology Architect, InterSystems

Enjoy watching this video!
