SQL Error 400 Illegal Value

Cache ODBC State S1000 Native Code 400 Illegal Value

This is my query:

```
select DateTijdSec from  
GLPPatTcActie  
where pnr = '27085070017' and LTestId->Makey='BLA' and VerzamelDatTijd < '2021-03-04-2021 09:04' and  
glpactieid->makey in ('TAV','TMA') order by DateTijdSec desc
```

Most likely there is a wrong date time in the table, how can i get the data?
