Attention CCR Users: Performe Activity will be unavailable during the Weekend of April 9th

Dear All CCR Users

Please note that All Performe Systems will be unavailable from 6:00 p.m. EST on Friday, April 9th, 2021 to 3:00 p.m. EST on Sunday, April 11th, 2021.
During this time users will be impacted when trying to perform Performe Activities when using the CCR Application.

CCR actions you can do while the InterSystems Performe Server is unavailable:

- Create a new CCR and markPrepComplete
- Open the BASE Environment and Checkout changes
- Bundle and Upload (You will receive a message similar to the following: Attempting to upload ItemSet to CCR Server for ISCX17999...)
- On the CCR within CCR Online Application you will see a warning Error Occurred Could not commit to Performe.
- Progress Tier 0 CCR

CCR actions you will not be able do while the InterSystems Performe Server is unavailable

- Commit Itemsets
- Progress CCRs from markBASEComplete for Tier 1 or Tier 2
- You cannot move a Tier 1 or Tier 2 CCR into a new Environment (the files will not integrate)
- Cannot Use Performe Integration Tools within Performe Details Section of the CCR
 - Performe Integration
 - Performe Backout
 - Create ItemSet

We Sincerely Apologise for any inconvenience during the Outage.
