How to Uninstall cache odbc driver 2010

I have a sql server using cache odbc driver 2010. There is no uninstall in the add programs and features tool.

I have tried installing odbc 2018 but the 2010 driver remains active .

How can I uninstall the 2010 driver or upgrade to 2018

#Microsoft Windows Server #ODBC #Caché
Product version: Ensemble 2012.1
