CCR Angular UI Create CCR Page Now Live for Beta Testers

As of today, the Angular Create CCR page is now live for CCR Beta Users. Beta testers will be sent to the Angular create page from anywhere you would normally create a CCR. No existing functionality will be lost.

Any issues or feedback can be reported here or in your regular support channels.

Many thanks to our CCR UI beta testers! If you would like to join the beta tester program, you can enable the checkbox on your CCR user page [here](#).
