Developers' pets: take 1-min break and join our friendly discussion on Global Masters

Hi Developers,

We've launched a friendly discussion on Global Masters called ["Let's meet developers' pets!"](#) and invite all of you to join!

There are already so many cute photos from the community members. So, whether you have a dog   , cat   , hamster   , or gecko   , we want to see them!

[In this discussion,](#) post a photo of your pet, name, age, and breed, and a few words about why you love them.

See you on Global Masters!

P.S. if you are not a Global Masters member yet - that's easy [to join](#) using your InterSystems credentials.
