"Hey guys!

I am a programmer at Bplus Tecnologia, an InterSystems partner company where I learned about InterSystems technology. I'm 19 years old and I've been working with IT for 2 years, I intend to continue my studies and specialize in the DBA area.

I currently live on a farm with my parents here in Brazil, I really like this country life and the tranquility of the place. One of my favorite hobbies is camping and horseback riding.
