Webinar in Spanish: Interoperability in FHIR

Hi Community,

We're pleased to invite you to the upcoming webinar in Spanish called "[Interoperability in FHIR](#)"!

Date & Time: June 23, 4:00 PM (CEST)

Speaker: [@Ricardo Paiva](#), Sales Engineer, InterSystems Iberia

The banner features the InterSystems Developer Community logo at the top left. The main title 'WEBINAR HOT' is in large red letters, followed by 'INTEGRACIÓN FHIR CON OTROS PROTOCOLOS' in white. A small FHIR logo is to the right. On the left, a date box indicates 'MIÉRCOLES 23 JUNIO 16:00ESPAÑA'. On the right, a portrait of Ricardo Paiva is shown next to a large flame graphic. The text 'RICARDO PAIVA (SALES ENGINEER INTERSYSTEMS IBERIA)' is centered below the title.

How can FHIR coexist and integrate with other protocols?

During the webinar, we will start from an existing FHIR server and see how to integrate it with different data producers and consumers. We will also have a look at the tools that InterSystems IRIS for Health allows to navigate various protocols and show various facades of a repository. And some other interesting things!

Note: the language of the webinar is Spanish.

We are waiting for you! [Please register here >>](#)
