Using existing local Database file from docker

Hi,

I have already installed IRIS 2021.1 locally. While working with docker can I use same local database (C:/InterSystems/IRISHealth/mgr/samples/samples.DAT) by using docker volume?

Thanks

#Docker #InterSystems IRIS for Health

\$ZV: IRIS for Windows (x86-64) 2021.1 (Build 215U) Wed Jun 9 2021 12:15:53 EDT
