Looking for a consultant???

Hello fellow community members,

I would like to offer my services as an Intersystems Professional and am available to work on projects.

I have more than a decade experience into Intersystems stack of technologies including IRIS, Ensemble, Healthshare, Healthconnect, Cache Objectscript, Mumps, Zen, Analytics etc. with companies spread over US and UK involved in multiple domains.

KEY SKILLS:
Cloud Computing (AWS, MS Azure, GCP)
Intersystems Technology Stack (IRIS, Ensemble, Healthshare, Cache, Mumps, CSP, ZEN, Analytics)
Databases (Modelling & Backend database design, SQL, PL/SQL
SOAP & Restful APIs
Analytics & Dashboards
Healthcare Interoperability Standards (HL7, FHIR, EDI X12)
Notations (XML, JSON) ¦
Agile Frameworks & Tools (Scrum, Kanban, JIRA, Confluence)
Dockers ¦ Linux

Recent Certifications
Intersystems IRIS Core Solutions Developer Specialist
Intersystems Health Connect HL7 Interface Specialist
Microsoft Azure Solutions Architect Expert
Certified Scrum Master

I am keen and open to work on exciting projects which are not only focused on Intersystems stack but also using cloud and having AI/ML functionalities would be wonderful. My ideal role would be a position where I am able to make a strong impact to the project.

Current availability : 20 hours a week.
