Learn technology on Global Masters: new Educational Channel arrived!

Hi Developers,

We've launched a new educational channel on Global Masters - GM Academy!

It contains selected educational materials from InterSystems online learning portal.

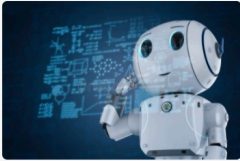

Currently, there are 2 courses for beginners: Caché learning path and InterSystems IRIS learning path.

But depending on what'd like to learn we'll be adding more and more content. So - what you'd like to learn?

Tell us in [this intro challenge](#)!
