P.S. Don't forget to subscribe to this post (click on the bell icon) to be notified of new comments.

To take part in the voting, you need:

1. Sign in to [Open Exchange](#) – DC credentials will work.
2. Make any valid contribution to the Developer Community – answer or ask questions, write an article, contribute applications on Open Exchange – and you'll be able to vote. [Check this post](#) on the options to make helpful contributions to the Developer Community.

If you changed your mind, cancel the choice and give your vote to another application!
