## How to copy file to container location ?

Hi,

I am using container to run IRIS. In my file service I defined following path:

### **DIRECTORY SELECTION DIALOG**

*Select a directory from the choices below.*

---

Look in:

 .modules  
 enslib  
 irisapp  
 irisaudit  
 irislib  
 irislocaldata  
 iristemp  
 journal  
 Locale  
 stream  
 Temp  
 user

How can I copy file to container location?

Thanks

[#Docker](#) [#InterSystems IRIS](#)

Product version: IRIS 2021.1
